How Swoop works

We work with our partners to offer simple and clear comparisons that allow customers to make choices on financial products and services.

Swoop matches businesses with funding from over 1,000 providers, and identifies savings using open banking technology.

Swoop services

The Journey

You can quickly and easily build your profile, check your eligibility and connect to multiple funding options.

Getting started in easy Simply register and access your personal

2

3

dashboard to manage your funding and savings performance and metrics.

Monitor your spending, cut costs and build savings

Simply integrate your bank account to access an instant expenditure and savings report-start to cut costs immediately.

Get matched to funding opportunities

Create a free account

Our technology will match you with all suitable products and suggest the most relevant solutions across loans, equity and grants.

Apply easily with our Swoop review process

Keep updated with changing circumstances and easily submit your applications to relevant funding and savings providers.

Don't waste time-there are plenty of funding and savings solutions to help your clients' businesses grow
